

English Rules

A fishing contest for 1 to 4 players, for ages 3 and up!

Components

15 cardboard fish and objects, 2 wooden magnetic fishing rods, 1 cardboard aquarium, metal rings

Preparation

Take the rectangular aquarium and place it at the insert of the box. Remove all fishes and objects from their cardboard punch-board. Punch out the small hole that exists in every fish and object. Place a metal ring through each punched-out hole. Then place all fish and objects into the aquarium. At last, the fishing contest can begin!

How to play

Play in a clockwise direction. Each turn, a player takes the fishing rod and puts it into the aquarium, touching the bottom in order to catch a fish. Then carefully the player raises the fishing rod, to see whether he caught a fish, or an object or nothing at all! Make sure that whatever has been grabbed will not fall back down! Each player has two attempts, then it is the next player's turn.

Note: Players may not look into the aquarium while fishing!

Scoring

The numbers printed on the fishes and other objects are the number of points each item awards players. Points are added up at the end of the game.

End of the game

The game is over when all fish and objects have been fished out of the aquarium. The player with the most points wins the game. Players can also play several rounds.

Have fun!
