

TOP THAT!

CAN YOU SOLVE THE MAGIC OF THIS SPEEDY STACKING GAME?

Each player is given a set of magic props all packed inside a magician's top hat. In each turn, players flip over the first challenge card and race to stack their objects, in 1 single pile, following 4 simple rules:

1. **Objects printed in color must be visible on the stack.**
2. **Objects printed in grey must be hidden INSIDE the stack.**
3. **Objects surrounded by stars must be filled with 1 or more objects.**
4. **Missing items on the card have to be put aside (they are neither a visible nor a hidden part of the stack)**

The first player to correctly stack his objects, wins the challenge card. The first player to collect 5 cards wins the game. If players agree to a longer game, the game ends when all cards are drawn and the winner is the player with the most cards.

Make objects disappear and reappear as you dash to stack faster than the other players!
